How To Use This Catalog

Products are organized in 3 categories: Individually Bagged, Bulk and Individually Boxed items.

Use the order forms at the back of this price book. Cut out or make copies as required. Every product listing has an Order Quantity column, use that column to enter the quantity ordered for the customer's records. Use the Order Form to enter the Product Description, Part Number, Order Quantity and Prices for each item ordered.

Minimum Order: Minimum order quantities are required.

Frequently Asked Questions and Answers to Using SharkBite® Fittings:

Q. Do you need the Demount (Disconnect) clip to remove the **SharkBite** fitting?

A. Yes.

Q. What types of pipe material can **SharkBite** push-fit fittings be used with?

A. **SharkBite** push-fit fittings are certified for copper, PEX, and CPVC only.

Q. Can **SharkBite** fittings be used on air or gas?

A. **SharkBite** push-fit fittings are certified for water only.

Q. Is a **SharkBite** fitting re-useable?

A. Yes, following proper installation procedures.

Q. Can a **SharkBite** fitting be rotated on the pipe without damaging the integrity of the joint?

A. Yes. The fitting can be rotated after assembly and will not affect the integrity of the joint.

Q. Is **SharkBite** approved for underground use?

A. **SharkBite** push-fit fittings have been certified for underground applications and as a manufactured joint without access panels. **NOTE:** It is always important to reference your local plumbing codes.

Q. What are the maximum temperature and pressure ratings?

A. Fittings are certified to 200 PSI and 200 F (93 C).

Q. How well do **SharkBite** joints hold up to freezing temperatures?

A. Copper water systems should not be allowed to freeze. When water freezes, it expands and creates pressures that exceed plumbing system pressure capabilities * i.e. pipes and fittings burst!

Q. What should a user do if a **SharkBite** system leaks upon installation?

A. In general, **SharkBite** push-fit fittings only leak due to one of three reasons:

- 1) The pipe was not properly deburred prior to installation
- 2) The tubing was not properly inserted
- 3) The tubing was not squarely cut

Q. Can the tube liner be removed?

A. Yes. The tube liner can be easily removed by pulling it past the O-ring, then with the aid of the **SharkBite** disassembly clip or disconnect tongs (both sold separately), the Tube Support Liner can drop out of the fitting as it can move freely past the grab ring. Needle nosed pliers may be used to pull the Tube Support Liner out. **NOTE:** Tube liner is necessary for use with PEX tubing.

Q. Is there a minimum order amount?

A. Yes. The minimum order amount is \$50.00.

Return goods Policy

Restocking charges and items returned for credit:

- New Standard Catalog Items - 25% restocking charged if returned for credit only. For items ordered in error, the charge will be reduced to 15% if replacement items are purchased within 14 days of original PO.
- Special Order Items (products with special modifications) - 50% restocking charge.
- Return must be within 180 days of original PO.
- All percentages as minimums based on condition of material at time of request

All restocking charges are based on F.O.B. Cullman, Alabama and products being new (never having been installed in a line). We do not accept any valves which have been used. Prior to return of product, an R.G.A. number must be assigned by a customer service representative. This number should be referenced on the outside of the carton and on all related paperwork. Items should be returned prepaid to 2400 7th Avenue SW, Cullman, Alabama, 35055, marked "Attn: Returns Department." Any information or correspondence may be sent with the product or mailed separately.

Limited warranty

Reliance Worldwide warrants each product against defects in material and workmanship for a period of one year from the date of manufacture. In the event of any defect within the warranty period Reliance Worldwide will at its option replace or recondition the product without charge providing the product is returned to Cullman, Alabama. This shall constitute the exclusive remedy for any alleged defect.

Reliance Worldwide shall not be responsible for any incidental, indirect, contingent or consequential damages, including, without limitation, damages or other costs resulting from labor charges, delays, loss of use, revenue or profit, vandalism, negligence, fouling caused by foreign material, damage from peculiar water conditions, chemicals or other circumstances over which Reliance Worldwide has no control; Reliance Worldwide makes no other warranties, express or implied, except as provided in this limited warranty. This warranty becomes voided by any misapplication, misuse, abuse or improper installation of the product. This warranty gives you specific legal rights and you may also have other rights which may vary from state to state. Applicable in the USA only. Please contact plant for SharkBite® warranty information.

Reliance Worldwide Statement of Policy

We reserve the right to make changes or improvements in our products without obligation to incorporate such changes or improvements in stock already manufactured. We will not replace or exchange new or improved products for older styles on customers' shelves. We also reserve the right to make substitutions in material or construction where necessary because of government regulations or availability of material.

We reserve the right to change the design of our products or their prices without notice. We also reserve the right to withdraw or drop a product from our line without notice.

For over seventy years, Reliance Worldwide has demonstrated its integrity, responsibility and technical skill, as evidenced by the continued patronage of its many customers and friends. It is our sincere desire to maintain full cooperation with customers and upon any questions arising in our transactions, we solicit your correspondence.
